National Student Speech, Language and Hearing Association January Meeting

EMERSON COLLEGE

•••

January 26, 2016

President: Morgan Billinger

Welcome back Hear-oes and Speechies!

The University of Florida NSSLHA activities consist of monthly meetings, service opportunities, socials, and fundraisers for the annual spring G. Paul Moore Symposium and the Stride Against Silence 5K walk benefiting cochlear implant patients. The National Student Speech, Language and Hearing Association is a pre-professional membership association for students interested in the study of communicative disorders.

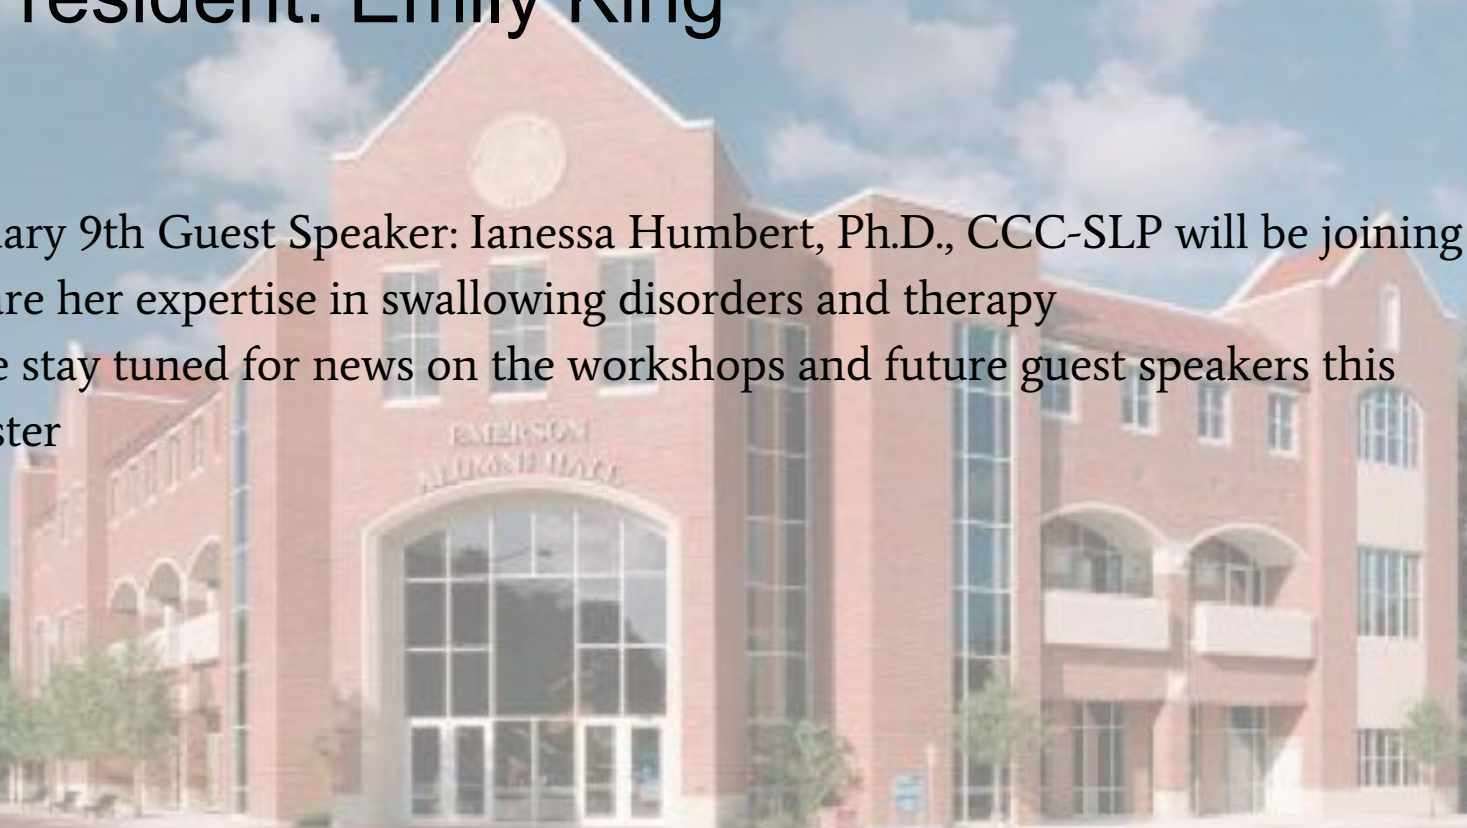

The NSSLHA E-Board and myself have some really great events planned for this upcoming semester so be sure to fulfill all your requirements in order to be considered an active member. Especially if you plan on graduating with a NSSLHA cord in April :)

Jacksonville University is having a Speech-Language Pathology open house Saturday, January 30th from 9am -11am. This is a great way to learn more about their program while meeting with faculty members and other students!

Thank you for your continued dedication to this organization.

Vice President: Emily King

- February 9th Guest Speaker: Ianessa Humbert, Ph.D., CCC-SLP will be joining us to share her expertise in swallowing disorders and therapy
- Please stay tuned for news on the workshops and future guest speakers this semester

Secretary: Tyler Dwyer

DR. G. PAUL MOORE

RENOWNED PROFESSOR AND LEADER IN
VOICE SCIENCE AND REHABILITATION

November 2, 1907- Jan. 17, 2008

QUICK FACTS ABOUT DR. MOORE

- He lived to be 100 years old
- Known for his development of high speed photography of the human vocal folds
- Well published and authored many books, journal articles, films, and videos
- He was the first person to receive a Ph.D. from Northwestern's School of Speech
- He was a beloved faculty member at both Northwestern and at the University of Florida

EDUCATIONAL BACKGROUND

- Received a bachelor of art degree from West Virginia University in 1929
- Received a master's degree in voice pathology and laryngeal function from Northwestern University in 1930
- Received his P.h.D. in voice pathology and laryngeal function from Northwestern University in 1936
- Received an honorary Doctor of Science degree from West Virginia University in 1974

PROFESSIONAL POSITIONS/ACCOMPLISHMENTS

- Dr. Moore was a faculty member at Northwestern University for 32 years. He served as the Director of the Voice Clinic, and Director of the Voice Research Laboratory.
- Professor and Chair of the Communication, Sciences, and Disorders Department at the University of Florida from 1962-1980
- Though he retired in 1980, he remained active in the department until 1998.
- Director of the communications sciences laboratory, distinguished service professor, and distinguished service professor emeritus at the University of Florida
- ASHA president (1961)
- ASHA Fellow and Received ASHA Honors in 1966
- G. Paul Moore Symposium named in his honor
- Honored by the Voice Foundation at their annual Symposium on Care of the Professional Voice with The G. Paul Moore Lecture.

RESEARCH

- Major area of emphasis was in high-speed films of the larynx
- He worked on fiber optic devices to better view the larynx
- He is considered a pioneer in video stroboscopy/ fluoroscopy
- He was the first person to suggest multidisciplinary collaboration between speech-language pathology and otolaryngology
- He helped invent the Language Master - an old system that some people still use in therapy. It consisted of cards, often printed with stimuli, that have a magnetic strip at the bottom. The card gets put through a player and it plays back (sort of like a tape loop). It is great for client feedback.

THE MOORE FAMILY

- Dr. G. Paul Moore has a daughter and son
- Dr. Moore's son Paul Moore is very generous to the Speech, Language and Hearing Sciences department at UF. His funding helps make the G. Paul Moore symposium possible.

THE G. PAUL MOORE SYMPOSIUM

- The University of Florida chapter of the National Student Speech-Language-Hearing Association (NSSLHA) organizes this annual event
- The first symposium was organized by University of Florida students and took place in 1978 as a tribute to Dr. Moore's contributions in the fields of audiology and speech-language pathology.
- This event is held to increase awareness of current issues and ongoing research in the field of communication disorders.

“You don’t have to be tall to be a GIANT person”

Past chairs of the Department of Communication, Sciences, and Disorders at the University of Florida. L to R is Dr. Brown, Dr. Moore, Dr. Jensen (in scooter), Dr. Gerhardt and Dr. Abbott
